COLLEGE & HIGH SCHOOL

Note: The lane-space marks that appear parallel to the backboard on the high school court do not appear on the college court. Required length of the college court is 94 feet. Optimum length of the high school court is 84 feet. If court is less than 74 feet long, it should be divided by two lines, each parallel to and 40 feet from the farther end line. Tableside coaching boxes are optional at the high school level, and are bounded by a line 28 feet from the end line, the sideline, a line no more than 14 feet from the 28-foot line, and the team bench.
